**3.) Plastic Bag Ordinance Discussion** – Township Council approved the Board’s proposal to study a plastic bag ordinance at the Workshop Meeting on Monday, March 7, 2022. The Board will prepare communication that will be sent out with the next residential sewer bill, which goes out on April 15th. A draft will be sent to the Township by the end of the month. We talked about sharing the communication with local news websites and council members that have Facebook pages to reach residents that don’t get a sewer bill. Edits to the draft communication were discussed and Eunice will make additional changes to the format. The Board will also prepare an online form to collect information. The form will be for residents and businesses to provide general feedback about the subject.
