CAMPER ILLNESS AND PREVENTATIVE MEASURES

Masks/Face Covering: Campers & counselors will wear masks indoors. Subject to change.

Illness & Lice:

If your child is ill, please help by not sending them to camp so the illness is not spread throughout the program. If we determine that your child is sick with a persistent cough, fever, nausea, or other symptoms we will ask you to keep him/her out for 24hrs. We do not want to spread illnesses throughout the program. If your camper tests positive for COVID you will need to keep them home for at least 5 days and they need to be symptom-free for 24 hours before they are permitted to return.

If your child contracts lice, we would appreciate notification so that we can take appropriate action to stop the spread. We will ask you to keep your child out for treatment and that he/she not return until the lice is under control. A notice will be sent home to notify other parents that they should check their child/ren for lice and take appropriate action to treat it.

Plymouth Township Parks & Recreation reserves the right to address these concerns with any participants.

Medication Administration:

Plymouth Township Parks & Recreation will:

- Only allow a staff member over the age of 18 and who is fully certified in First Aid (American Red Cross or the American Heart Association) to administer any prescription and nonprescription medication
- Keep all medication stored in a locked area of the facility that is out of reach of children, including EpiPens and inhalers
- Keep a detailed medication log

Parents/Guardians will:

- Provide written consent for the administration of the prescription or nonprescription drug (Fill out the Medical Authorization and Release Form)
- Ensure prescription or nonprescription medication is in an original container
- Provide written instructions for the administration of the medication. Instructions on a prescription label are acceptable
- Put a label on the medicine container identifying the name of the child the medication is for
- Pick up the medication immediately after its effective date or on the child's last day of the program

Pediatrician Medical Form: Every camper must have a "Pediatrician Medical Form" form on file at the Community Center. These forms are good for one year. We will also accept physical and vaccination records from your pediatrician or documents provided to Colonial School District. This form is available online and must be handed in prior to your campers first day of camp.

Preventative Measures:

Please tell your camper they are not to share personal items, food, utensils, devices, etc. with other campers.

Send your camper in close-toed shoes daily to cut down on the risk of injury (thus leading to the need for close contact).

Apply sunscreen prior to camp. Teach your child how to apply their own sunscreen. Counselors are not permitted to help apply sunscreen.

Several handwashing breaks are scheduled throughout the day.

BEHAVIOR AGREEMENT

Bad behavior will not be tolerated. You will need to talk to your camper about their behavior and the importance to follow the rules. In these stressful and uncertain times, we will not tolerate bad behavior. For the safety of all other campers and counselors, any campers that cannot follow these safety rules will be dismissed immediately.

Camper will:

- * Stay with the assigned group at all times.
- * Be responsible for your own actions. Do not blame others.
- * Never hit, push, shove, bump or be rude to others.
- * No running in the building hallways.
- * Respect others in what you say and do.
- * Listen to program leaders and follow directions.
- * Use appropriate language.
- * Keep hands to oneself and maintain self-control.
- * Take care of your own belongings.
- * Use equipment and supplies in a safe and appropriate manner.
- * Teasing and bullying are not tolerated and children should report these incidents immediately to their counselor.
- * Communicate in an appropriate manner; no foul language or gestures, harsh words or tone of voice.
- * Never bring weapons or unsafe items to camp.
- * Play safe and have fun.

DISCIPLINE PROCEDURES

For the benefit of all participants, there may be situations that require some form of disciplinary action taken by the Department of Parks and Recreation. While most of this discipline is minor (sit out of an activity for 15 minutes), it is possible that additional discipline may be warranted. In these cases, campers may be suspended from the program for a period of one day or more. If problems continue, they may be expelled from the program and forfeit all monies paid.

If a camper interferes with the proper and/or safe function of the program, we will notify the parents of the situation and ask for the parents' help in resolving the problem. In many instances, making the parent aware of the situation will correct any problems.

We will not tolerate vandalism, fighting, foul language, bullying or troublesome and unsafe behavior. Additionally, any campers found to be abusing others personal property or rummaging through others belongings will be suspended and/or expelled from the program. No weapons of any kind are allowed in the program. Each parent and camper are required to read and sign off on the Behavior Contract.

Steps for Disciplinary Action:

In an effort to better acquaint the participants and parents of our discipline procedures, we are providing you with our policy for dealing with disciplinary concerns. On the first day of the program, our counselors will establish site rules. We review these rules with all campers and ask them to acknowledge that they understand our rules and boundaries. We stress to each of our leaders to be fair to all parties involved, listen to all sides,

make the discipline fit the offense, and do not predetermine an individual's guilt based on previous behavior or other circumstances. Disciplinary actions will be taken in this order...

Step 1: Removal From Activity

We make the child aware that they have crossed a defined boundary, have them acknowledge their wrongdoing; explain why they need to sit out of an activity for a brief period (2-15 minutes). We also remind them that continuation of such behavior may lead to suspension from future activities. Time outs will be documented.

Step 2: Activity Suspension

If the behavior persists, the child is suspended from a daily activity. This may include activities such as swimming, sports, trip activities, etc. In this case, we notify the Head Counselor & Camp Director of the second incident and document the occurrence. We will verbally inform the parent of the incident and the discipline.

Step 3: Parental Call From Head Counselor/Camp Director

If the behavior persists, the Camp Director or Head Counselor will call the parents. Behavior issues will be discussed and resolutions will be determined. In some situations, the parent may be asked to pick-up their camper.

Step 4: Parental Meeting with Camp Director & Full-Time Staff

If the behavior persists, the Full-Time Township staff will contact the parents. The parents will be asked to meet with the Full-Time Staff & the Camp Director. Meetings will be scheduled during regular camp operation hours. Parents will understand that the next step is program suspension and possible expulsion.

Step 5: Program Suspension

If the behavior persists, the Department of Parks and Recreation reserves the right to suspend the child for a period determined by the Department. This includes trip days. If a child is suspended all fees paid are forfeited. Parents will be notified and the occurrence will be documented. If you are asked to pick your camper up from camp and you are unable to do so, your camper will not be permitted to return the following day.

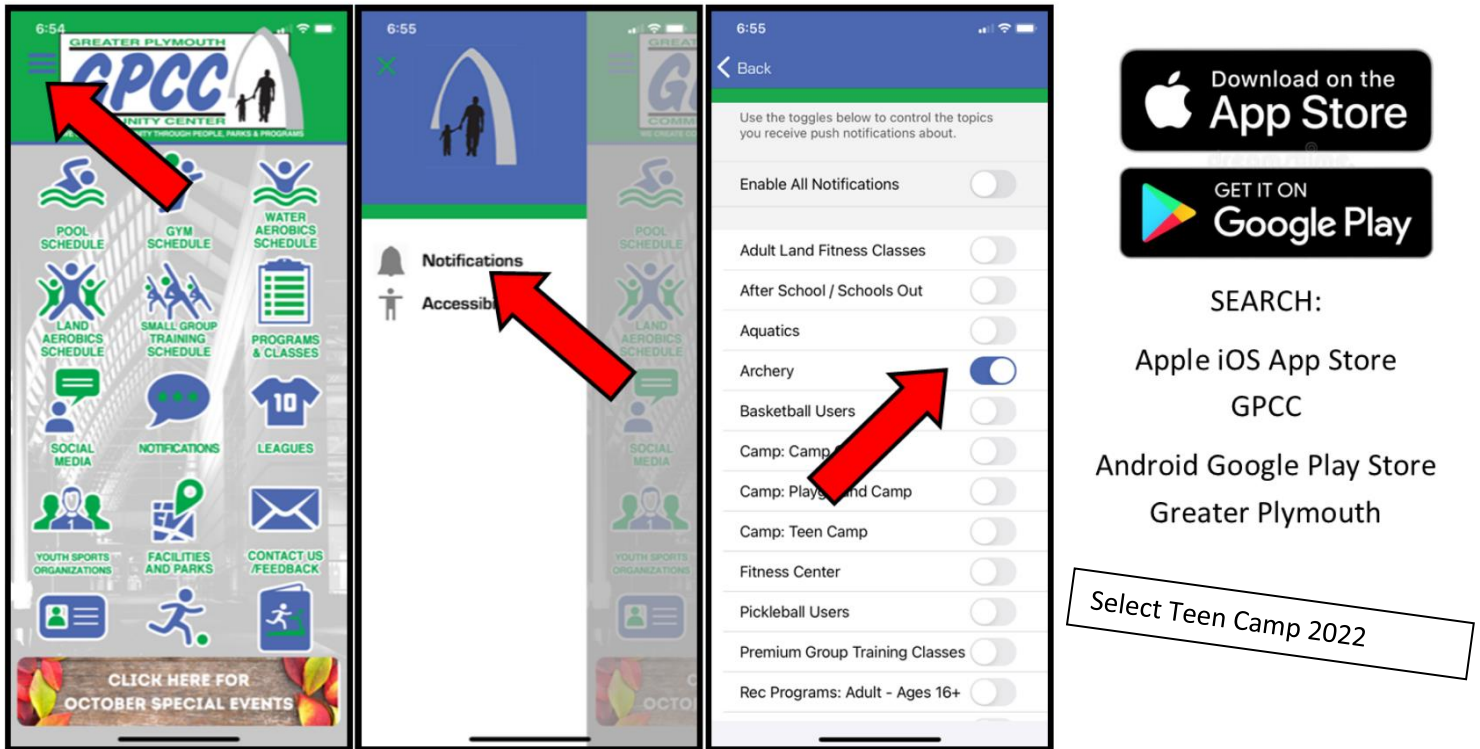

Step 6: Expulsion

If the behavior persists, the Department of Parks and Recreation reserves the right to expel the child. If a child is expelled, all fees paid are forfeited.

The Department reserves the right to skip steps should the situation warrant.
