

# Traffic Calming Overview

## Start with a Petition

- Residents, Township Council, Township Staff
- Requirements:
  - Complete petitions, forms, and other documents
  - 70% of **specifically affected** property owners sign
  - Police conduct traffic study (speed, volume, crash history, road conditions, etc.)

## Community Support is Key

- 70% of **generally affected** property owners also sign
- Input from multiple streets
- Only **specifically affected** owners vote on final plan
- Other residents stay informed and involved

## Traffic Study & Plan Development

- Measures: **85th Percentile** speeds and average daily traffic
- Crash history review prior three years
- Analyze data and make recommendations

## Implementation

- Township Council approval required
- Plan added to installation schedule
- Subject to funding availability
- Priority and order of approval
