Plymouth Township Police Department Annual Report Overview

2017 again saw the various components of the Police Department challenged with large scale incidents and investigations. Not only did personnel meet the challenges, but they excelled. In August, members of the Plymouth Township Police Department responded to the 300 block of Cambridge Road for the report of a burglary in progress. Officers quickly established a perimeter and immediately apprehended two (2) of four (4) subjects fleeing the home, in what was actually a gun point home invasion. The other two (2) armed subjects retreated back into the home when confronted by police. That began an hours' long standoff that ended with their surrender. In November, patrol officers responded to the 400 block of West Ridge Pike for a reported vehicle accident. Responding officers immediately determined that the incident was in fact a homicide and not a vehicle accident. Our Detective Division responded and worked tirelessly through the next twenty-four (24) hours to identify and apprehend the two (2) subjects responsible for the stabbing death.

The Township saw significant increases in arsons, homicides, and sex offenses; three hundred percent (300%), two hundred percent (200%), and one-hundred and fifty percent (150%) respectively. Conversely, there were decreases in burglary offenses, domestic assaults and theft offenses under fifty dollars; fifty-five percent (55%), twenty-one percent (21%) and fifteen percent (15%). Other notable cases cleared in 2017 include the arrest of a subject for a drug delivery resulting in death (homicide), the arrest of two (2) subjects for two (2) separate 'carjacking' robberies and the arrest of four (4) subjects of the 'Felony Lane Gang' for their participation in a fraud ring.

Plymouth Township Police continues to remain on the 'cutting edge' of technology to combat crime. To that end, the implementation and use of the Mobile ID fingerprint scanner has been invaluable to allow for quick identification of subjects that we have contact with on the street. The Department has also implemented the collection of DNA from evidence located at crime scenes specifically targeting property and theft crimes. Those samples are submitted through the BodeHITS® service provided by Bode Cellmark Forensics for analysis and comparison to profiles in their database. If a match is identified then the investigators are provided with that information for further investigation. Finally, the Department has launched a new website giving social media users the ability to help fight crime and stay informed through CRIMEWATCH. This platform allows for users to submit crime tips, view recent arrests as well as view our 'most wanted' lists.

Staffing changes in 2017 occurred in the Patrol Division and Special Units following the retirements of Community Policing Officer Michael Cassidy in January, Highway Patrol Sergeant John Jackson in February and Highway Patrol Officer John McCormick in May. In June, Officer Paul Subbio was sworn in as a probationary officer. In July, Officers Paul Kirchenbauer and Shelby Miller were sworn in as probationary officers and in November, Officer Zachary Amato was sworn in as a probationary officer. Sergeant Robert Heger transferred from the Patrol Division to the Highway Patrol Unit. Officers

Doug Copestick and Kyle Wilhelm were promoted to the rank of Sergeant. Officer Mark Lacy transferred from the Highway Patrol Unit into the Community Policing Unit.

In 2017, the Police Department obtained \$34,875 in grant monies. A breakdown of the funding sources include: Pennsylvania Liquor Control Board Grant (\$20,000.00), Pennsylvania Aggressive Driving Grant Wave 1 (\$1,275.00), Pennsylvania Aggressive Driving Grant Wave 2 (\$2,350.00), Pennsylvania Aggressive Driving Grant Wave 3 (\$2,450.00), Buckle Up PA Teen Safety Grant (\$1,200.00), Buckle Up PA Thanksgiving Seatbelt Safety Grant (\$1,350), Buckle Up PA Seat Belt Enforcement and Education Grant (\$3,250.00) and the Department of Justice, Bureau of Justice Assistance Bullet Proof Vest Partnership (\$3,000.00)

The Police Department, as in years past, continues to provide the best possible service to all members of our community. We pledge to maintain a safe and harmonious community for all.

Departmental Personnel Information
As of 12/31/2017

Police Personnel

Chief of Police	1

Patrol Division 2017 Annual Report

The Patrol Division of the Plymouth Township Police Department is widely considered to be the back bone of the entire Department. It is comprised of four individual patrol squads, providing twenty four hour coverage of the Township; as well as a Highway Patrol Unit. Because the Patrol Officer is usually the first and oftentimes only contact the public has with the police, they are the Department's ambassadors to the community.

In 2017, the Patrol Division saw several changes to possibly the most important position in the entire Department, the Patrol Sergeant. Sergeant Robert Heger was transferred from the Patrol Division to lead the Highway Patrol Unit with the retirement of Sergeant John Jackson in February. This transfer then led to the promotion of Doug Copestick to Patrol Sergeant from his previous position of working in the Special Investigations Unit (SIU). Finally, in December, Officer Kyle Wilhelm was promoted to the rank of Patrol Sergeant in order to facilitate a smooth transition with the anticipated retirement of Sergeant Michael Haig in June of 2018.

At the end of 2017, the Patrol Division was made up of 34 sworn officers, with twenty-nine (29) being assigned to Patrol and five (5) being assigned to the Highway Patrol Unit. Just like the Sergeant position, the officers that make up the Patrol Division also saw many changes to their ranks in 2017. Officer John McCormick retired from the Department after 25 years of service, most of which were with Highway Patrol. The following new officers also joined the Department: Officers Paul Subbio, Shelby Miller, David Kirchenbauer and Zachary Amato. Another officer, Timothy Stephan, was also hired in 2017; however, he resigned from his position shortly after being hired. All new officers spend several months being trained and closely supervised and each is gaining valuable experience and mentoring from seasoned veterans of the Department.

Officers assigned to Patrol typically work twelve hour shifts and rotate between a day shift and a night shift every two weeks. Additionally, the Highway Patrol Unit is comprised of four (4) officers skilled in accident reconstruction, were supervised by Sergeant Robert Heger. Officers in the Highway Patrol Unit tend to work rotating shifts during the hours when there is more roadway congestion and a greater number of accidents.

The Patrol Division works closely with both the Highway Patrol Unit and the Detective Division. In Plymouth Township, the Patrol Officer conducts a preliminary investigation and very often handles a call from start to finish; this includes many arrests and any subsequent court proceedings. Nearly every call, every serious accident and every significant incident that is eventually transferred to the Investigative Unit, begins with a response from Patrol. Many of these calls for service are unstable in nature, they may be chaotic, and many times there are legitimate safety concerns upon the officer's initial arrival. Once a scene has been stabilized and information has been gathered, it may warrant the expertise of a specialized unit for a more detailed investigation.

Some of the more noteworthy incidents the Patrol Division responded to in 2017 include: A home invasion in progress that led to a standoff and the eventual arrest of four individuals, a stabbing, a second incident involving a stabbing that resulted in two arrests for homicide, and a drug delivery resulting in death that also led to an arrest.

Just as important as the incidents described above, the Patrol Division is highly visible and in constant contact with the citizens of Plymouth Township. Sometimes it is the more common duties such as responding to an alarm at a home or business, helping a disabled motorist, giving directions, walking a foot beat or interacting with children that impacts the community's perception of our committed officers. The men and women of the Patrol Division literally do these types of services thousands of times each year, in all kinds of weather, and at times, in unfavorable conditions.

Officers of the Patrol Division are dedicated to protecting the citizens of Plymouth Township and are committed to preserving the quality of life for our residents, business owners and visitors.

Plymouth Township Police Department Highway Patrol Unit

In 2017 the Highway Patrol Unit underwent some changes as a result of two retirements and a transfer. After more than 35 years of service to Plymouth Township, Highway Patrol Sergeant John Jackson hung up his boots and britches and began the transition from civil servant to civilian. Officer John McCormick also retired in 2017 after providing 25 years of service to the citizens of Plymouth Township, while Officer Mark Lacy returned to the Community Policing Unit late in 2017 after more than 7 years in Highway Patrol.

In January 2017, Sergeant Robert Heger transferred from the Patrol Division to the Highway Patrol Unit to replace Sergeant Jackson. In December 2017 it was announced that Patrol Officers Shaun Kozak and Gerard DeSantis would join Officers Jeffrey Conrad and Joseph Epright in 2018, bringing the Highway Patrol Unit back to full staff.

Members of the Highway Patrol Unit are trained in accident investigation, vehicle safety violations and the mitigation of traffic problems. In 2017 officers responded to and investigated 1129 traffic accidents. There were 69 vehicle crashes that involved injuries to 90 people. Fortunately there were no fatal crashes in 2017.

There were 893 motor vehicle complaints handled in 2017. These complaints included, but were not limited to, issues involving parking, disabled vehicles and reckless drivers. The Highway Patrol Unit processed 206 abandoned vehicles during 2017. These are vehicles that were abandoned on both public streets and private property. Many of these vehicles created parking problems and hazardous conditions for motorists.

In addition to responding to citizens' calls for service, the Highway Patrol Unit was also proactive in addressing criminal and traffic related problems. Highway Patrol Officers conducted numerous traffic studies in 2017 based on officers' observations as well as complaints from Township residents. These studies allow for a more effective utilization of manpower and resources. Upon receipt of a traffic complaint, a determination is made as to how the complaint will be investigated and what course of action will be taken to address a problem once it is confirmed. In most cases where a complaint of speeding is alleged, a survey is conducted utilizing a device that surreptitiously collects data including the volume of vehicles and the speeds that those vehicles are traveling during specific times. When a complaint of speed is found to be valid, Highway Patrol Officers deploy portable speed timing devices that alert a driver to their speed and signal a warning if they are in violation of the speed limit. These devices often correct a violator's behavior, however when they do not, enforcement measures are typically the next step.

Police motorcycles are an integral part of the Highway Patrol Unit. They are primarily used for traffic enforcement as well as for routine patrol assignments. The motorcycle allows officers to maneuver through heavy traffic when responding to crash scenes and other emergency calls. Officers can therefore get to victims to render first aid and stabilize scenes more quickly, thereby enabling officers to open roadways more effectively.

The motorcycles also enable our department to provide escorts and to control traffic for large funerals, dignitaries, parades and other special events. In 2017 the Motorcycle Unit again provided an escort for "Law Enforcement United" while they rode their bicycles to Washington DC for National Police week.

Congratulations to Sergeant Jackson and Officer McCormick. We wish them both a long and relaxing retirement.

Plymouth Township Police Department Five Year Traffic Citations Report

Plymouth Township Police Department K-9 Unit

The Plymouth Township Police Department's K-9 Unit has now been in service for over twenty-six (26) years, providing protection to the residents of Plymouth Township virtually around the clock. This dedicated unit continues to train hard and work hard, setting the standard in this region as one of the premiere K-9 units. The K-9 Unit is widely respected, not only for the officers and their K-9 partners' dedication, but also for the Township's commitment to training, equipment and our facilities. This commitment and dedication has been demonstrated time after time over the years.

The Plymouth Township Police Department's K-9 Unit consists of four handlers and their partners. All four are certified to work patrol duties. Two are also cross trained in narcotic detection with the remaining two being cross trained in explosive detection. Each team trains twenty four hours a month in order to remain proficient at their specialty.

The two teams trained in Patrol / Narcotic detection are Officer Wells and K-9 Vilko; along with Officer Severson and K-9 Jinx. The two teams trained in Patrol / Explosive detection are Officer Jon Monaghan and K-9 Fox along with Officer Watts and K-9 Major.

In 2017, K-9 Jinx was retired from duty after nine years of service. He is now with Officer Severson enjoying a well-deserved retirement. As a result of Jinx's retirement, Officer Severson has a new K-9 partner- Eros who is an eighteen month old German Shepard from Slovakia. In 2017, Officer Severson and K-9 Eros completed a ten week training program at the PennVet Working Dog Center. The team is now certified to conduct patrol operations and soon will be narcotic detection certified as well.

Plymouth Township Police K-9 Units are used on a regular and routine basis within the Township. They were also called upon for assistance fifty (50) times by outside agencies in 2017. Our K-9 teams have been utilized in the tracking of suspects for homicides, robberies, sexual assaults, burglaries, stolen vehicles and mentally ill individuals. Additionally, they are requested by area schools for narcotics detection, they track for lost children and the elderly, and they often search homes and businesses keeping officers safer.

In 2017, Plymouth Township explosive K-9 Units were called to assist at bomb threat incidents at the King of Prussia Mall, Souderton High School, Pottstown High School and the Springfield High School. They also provided assistance at the Montgomery County Courthouse on four separate dates to assist with the Bill Cosby sexual assault trial.

Some additional K-9 responses in 2017 include: Assisting the US Marshals on a high risk warrant service, a sexual assault at the Norristown Farm Park and the apprehension of a burglary suspect for the Pennsylvania State Police. The narcotic handlers also assisted with several positive indications for controlled or illegal substances in both Plymouth Township and throughout Montgomery County.

Our K-9 teams remain a popular attraction at community events both within Plymouth Township and surrounding municipalities. They continue to bring positive recognition to Plymouth Township, not just the Police Department. Plymouth Township Police K-9 Units performed several demonstrations in 2017 at various community events within and around Plymouth Township, mainly to school aged children.

In this 2017 yearly report, and all that follow, let us not forget the events of September 13, 2012; when K-9 Officer Brad Fox #178 was shot and killed in the line of duty while pursuing a fleeing felon along with his K-9 partner Nick. K-9 Nick was also shot and wounded, but thankfully survived.

Plymouth Township Police Department Detective Division

The Plymouth Township Police Detective Division consists of three separate units, the Criminal Investigations Unit, the Special Investigations Unit and the Community Policing Unit. These separate units function independently and also collaborate with each other as a single cohesive entity, as well as with all of the other divisions of the Police Department. In 2017, the Detective Division investigated many high profile cases that required our detectives to use a composite of their investigative talents. The members of the Detective Division are diligent, dedicated, highly trained, skilled and motivated. All of these qualities are vital in order to bring the investigations of criminal activity in Plymouth Township to a positive resolution.

In 2017, there were some changes within the Detective Division. Community Policing Officer Michael Cassidy retired in 2017 after 30 years of service, and Detective Christopher Schwartz was assigned to the Montgomery County District Attorney's Office Detective Bureau Narcotics Enforcement Team. This assignment will help serve the citizens of Montgomery County, as well as Plymouth Township, in the investigation and prosecution of drug related deaths due to the present opioid addiction crisis. In 2017, Officer Michael Capperella was transferred from the Community Policing Unit, to our re-established Juvenile Unit as a Juvenile Detective. Officer Mark Lacy was subsequently transferred from the Highway Patrol Unit to the Community Policing Unit. Additionally, Detective Jeffrey McGee Sr. returned to our police department from his assignment with the FBI Philadelphia Violent Crimes Task Force.

The Detective Division had a total of eight officers assigned to it in 2017, and is supervised by Detective Sergeant Thomas Longo. The members assigned to the Division are Detectives Jeffrey McGee Sr., Anthony Costello, Joseph LaPenta III, Andrew Moretti, Christopher Schwartz (MCDBNET) and Juvenile Detective Michael Capperella; the Special Investigations Unit was not staffed in 2017. In 2017, Detective Sergeant Longo and Detective Jeffrey McGee Sr. each celebrated 30 years with the police department.

In 2017, members of the Detective Division were assigned 675 cases for investigation. The Detective Division was able to clear 68% (458) of the cases assigned. Of the 458 cases cleared, 146 cases were cleared by arrest, and 312 were cleared exceptionally. The 146 cases cleared by arrest by members of the Detective Division resulted in a total of 195 criminal arrests in 2017. Additionally, the members of the Detective Division handled 171 Megan's Law Registrations.

Some notable cases investigated and solved in 2017:

Crimes Against Persons

- Arrest of two suspects for murder (stabbing)
- Arrest of one suspect for Aggravated Assault (stabbing)
- Arrest of four suspects for a gunpoint home invasion robbery –
 - One of these suspects has been charged in connection with a shooting incident in the City of Philadelphia, as a result of ballistic forensics performed on one of the handguns recovered in this incident.
- Arrest of one suspect for Drug Delivery Resulting in Death
- Arrest of one suspect for a gunpoint robbery
- Arrest of two suspects for two separate “carjacking” robberies
- Arrest of one suspect for a knifepoint kidnapping

Sexual Offenses

- Arrest of one suspect for forcible rape
- Arrest of one suspect for indecent exposure
- Arrest of one adult suspect for attempting to lure a juvenile to a township hotel for sexual purposes

Crimes Against Property

- Arrest of four suspects (1 adult, 3 juveniles) for burglary
- Arrest of one suspect for a daytime residential burglary
- Arrest of one suspect for thefts from 7 separate vehicles which occurred over several nights
- Arrest of one suspect for arson in his own home

Fraud

- Arrest of four suspects for their participation in a fraud ring (Felony Lane Gang)
- Arrest of one suspect for numerous, intricate frauds in relation to the titling of motor vehicles upon their sales – multiple auto dealers in Plymouth Township
- Arrest of two suspects, one a bank manager, for defrauding customers of over \$100,000
- Arrest of one suspect for multiple fraudulent new car sales at a township Auto dealer

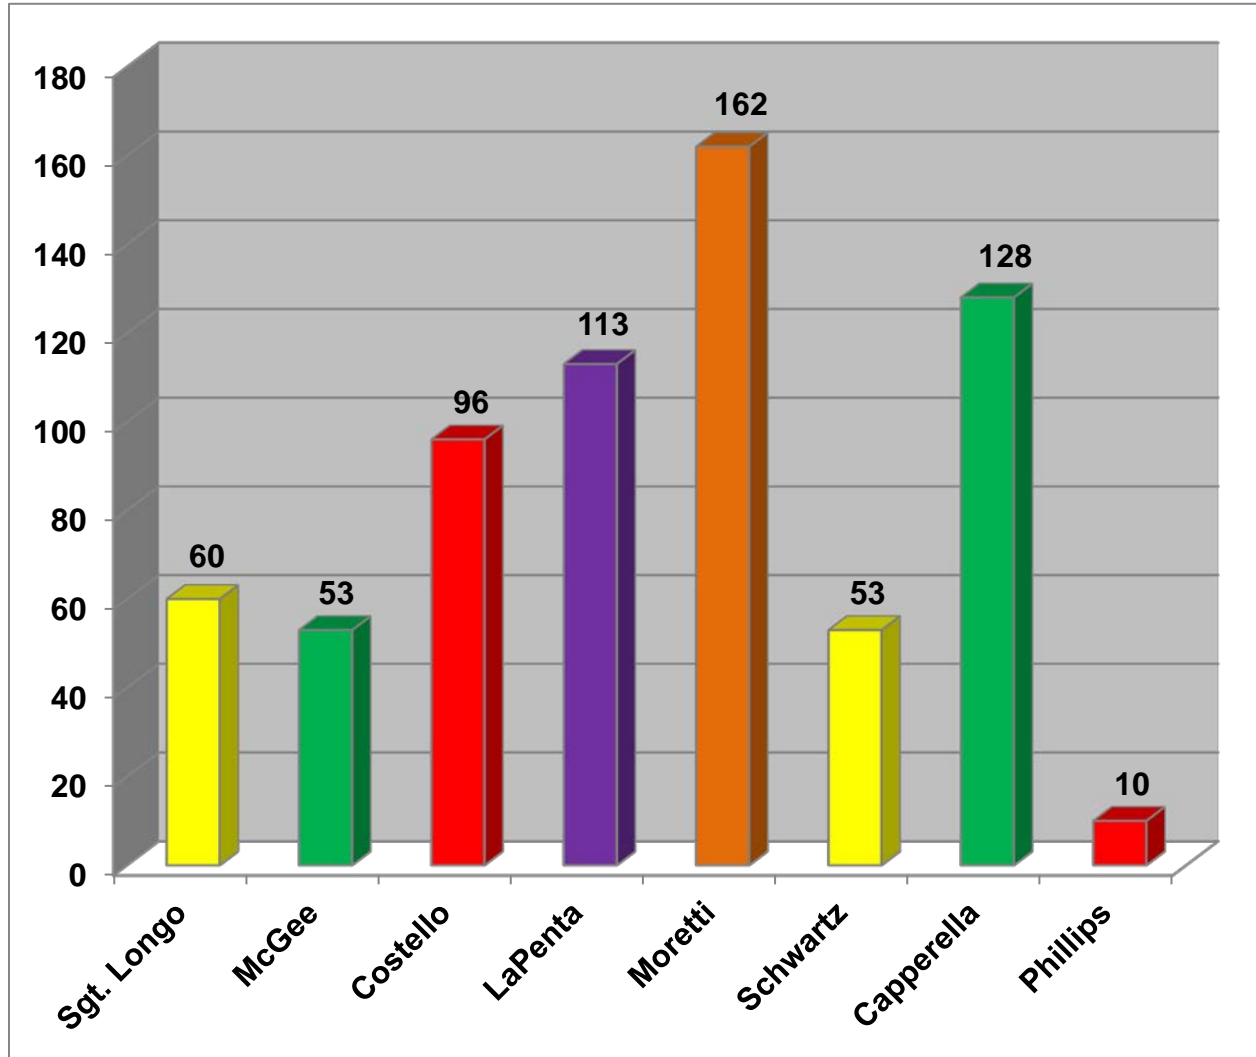

Drugs

- Arrest of two suspects for their participation in a heroin and cocaine distribution organization.

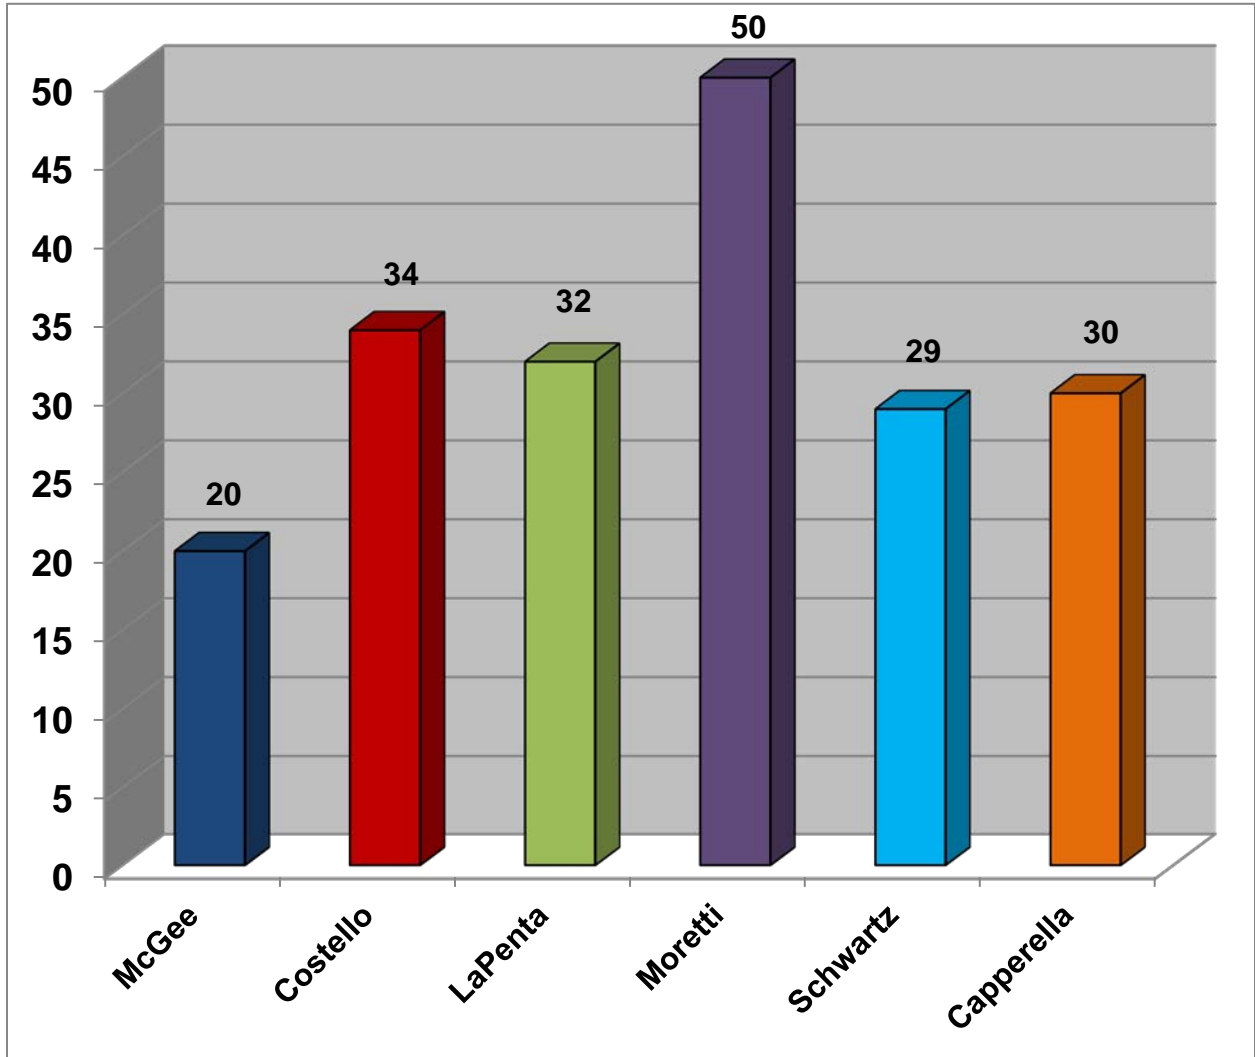

The members of the Detective Division were immeasurably confronted with many diversified investigational challenges while investigating our case load throughout the year. These investigations required adept, comprehensive investigative techniques which demanded many of our Police Department’s resources in order to bring the cases

to a positive resolution. All of these investigations were undertaken with the professionalism, diligence and determination which are the standard of all of the members assigned to the Detective Division.

COMMUNITY POLICING
UNIT

Plymouth Township Police Department Community Policing Unit

The Plymouth Township Police Department's Community Policing Unit, or CPU, was formed in 2001 in response to the growing needs of the Plymouth Township Community. The primary goal is to establish a collaborative effort between the police and the community (school, citizens, groups and businesses) in which we work together to identify and solve community problems. The Community Policing Unit consists of Officer Mark Lacy. Lieutenant Karen Mabry supervises the Unit.

The Community Policing Unit has conducted many programs throughout the year for our residents, school children, and businesses. These programs include: Be a Safety Kid/STAR Curriculum, Emergency 911 for Pre-School Children, Anti-Alcohol and Anti-Drug Classes, Anti-Bullying and Anti-Cyber-Bullying Programs, Internet Safety Programs, Identity Theft, Senior Citizen Fraud Programs and an Active Shooter/Business Safety Program. The CPU assisted Township residents and businesses with employment fingerprinting and various personal safety seminars. The Community Policing Unit also provides home security surveys to victims of burglaries, as well as any other resident who may request one. This same service is also provided to businesses.

The Community Policing Unit participated in several community events held within the Township: Events like Plymouth Township Day and Plymouth Township Fishing Derby. Every year the Plymouth Township Community Policing Unit partners up with the Target Store, located in the Metroplex Shopping Complex, for the National Crime Night Out Event. This event is an opportunity for citizens to learn about various services offered to them through different organizations and agencies. This year we had over a dozen County and local agencies in attendance, as well as many vehicle displays and live demonstrations.

Beginning in June of 1998, our C.O.P. Camp program continues to be one of our most anticipated and well-received programs each year. Through the program, children ranging in age from 9 to 11, attend a week-long camp at our agency. During the week, each child participates in hands-on activities that simulate incidents encountered by Law Enforcement Officers. They learn about accident investigation, crime scene processing, physical fitness, vehicle stops, building searches and more. In addition, our partners from the Harmonville Fire Company, Plymouth Fire Company and Plymouth Ambulance provide instruction on fire safety and first aid.

The Community Policing Unit organizes and conducts holiday food and gift drives for Plymouth Township families in need. In addition to all members of the Police Department donating money to this effort, the Plymouth Township Police Association, in conjunction with our partners at Giant Food Store, Weis Market, Vist/Tompkins Bank and Target, also provided the needed funds and resources necessary to make these programs a success.

During the Christmas season, the Community Policing Unit again took a lead role in the 22nd Annual Lt. Patty Simons – Law Enforcement Food/Toy Drive. This event benefits the Montgomery County Salvation Army, Catholic Social Services, Eagleville Elementary Backpack Program, The Patrician Society, the Mattie N. Dixon Community Cupboard and other charitable organizations. Food and toys were donated from area businesses, schools and residents. The CPU took part in the food drive parade and assisted in the unloading of over seven tons of food and toys for the needy. The CPU also participated in the “Holiday Meals for Fallen Heroes” deliveries for Easter, Thanksgiving and Christmas Holidays.

Another function of the Community Policing Unit is to obtain and manage grants to fund several programs for the Department. In 2017, the Police Department obtained close to \$40,000.00 in grant monies.

The Community Policing Unit continues to promote the Plymouth Township Police Department in a positive way to our residents, school children, and businesses; in doing so the Community Policing Unit continues to strengthen our community relationships.

Plymouth Township Police Department Montgomery County Special Weapons and Tactics Central Region (MSWAT-CR)

The Montgomery County Special Weapons and Tactics team (MSWAT) is a multi-jurisdictional tactical team comprised of officers from fourteen (14) different police departments in the central region of Montgomery County. The team is also responsible for SWAT coverage for an additional twelve (12) jurisdictions.

This team is staffed, trained and equipped to handle high risk situations that are beyond the capabilities of traditional law enforcement. MSWAT-CR is available for response 24/7, 365 days a year. MSWAT-CR members must meet rigorous entry standards to be selected and they must continue to maintain these high standards in order to remain active on the team. Members of MSWAT-CR must pass a physical fitness test twice a year, bi-annual firearms qualifications as well as pass a monthly firearms qualification. In addition to sixteen (16) hours of monthly training, MSWAT-CR members attend an annual three (3) day training course. In the past MSWAT-CR members have attended these trainings at military installations located at Fort Dix and Fort Indian Town Gap.

In 2017, the Plymouth Township Police Department had five (5) officers assigned to MSWAT-CR: Sergeant Wagner, Officer Ponzek and Officer Ransom were assigned to the MSWAT-CR entry team. Detective Phillips was assigned to the sniper team while Officer Zinni was assigned to the crisis negotiator team. All of these officers maintained both their regular duties with the Plymouth Township Police Department as well as their additional duties with MSWAT.

In 2017, Sgt. Wagner retired from the team after nine (9) years of dedicated service.

- MSWAT-CR responded to nine incidents in 2017.
- Five were high risk arrest or search warrant services.
- Four incidents involved suspected armed and barricaded subjects. MSWAT-CR was able to successfully resolve all of these incidents. Through the use of less-lethal tactics and weapons, combined with crisis negotiations, all suspects were taken into custody without any loss of life or serious injury.
 - Two subjects had to be negotiated out of a house after a home invasion robbery in Plymouth Township.
 - One subject was a former police officer and was suspected in the theft of a police rifle and ammunition.
 - Another subject was a suicidal resident who had armed himself with a handgun.
 - One of the incidents was a response to assist MSWAT-West with an armed male in a vehicle, following a PFA order service.

The team conducted monthly training exercises (16 hours per month) and held an additional three day training exercise at the Joint Base Maguire-Dix-Lakehurst in New

Jersey. The team also conducted joint training maneuvers with MSWAT-West at the King of Prussia Mall.

An application process was undertaken for new operators this year. Following an application/resume review, departmental nominations, and an interview process, seven new members joined the team in December of 2017.

MSWAT-CR also held a one-week (48 hour) Basic SWAT School in September. This course had twenty attendees from police departments across the County, as well as members of the Montgomery County Sheriff's Department.

Plymouth Township Police Department Major Incident Response Team (MIRT)

The Montgomery County Major Incident Response Team (MIRT) is comprised of a contingent of officers formed from police departments throughout Montgomery County. The team is jointly funded by the member departments, as well as the Department of Homeland Security. MIRT was developed to better handle large events, civil disturbances, natural/manmade disasters, and chemical/radiological/biological terrorist incidents.

The Plymouth Township Police Department has dedicated four (4) officers to MIRT. These officers have assumed the additional responsibilities that come with this county-wide team, above and beyond their normal duties as Plymouth Township Police Officers. All officers on MIRT are trained by Homeland Security for Field Force Operations (civil disturbances). They are also trained on how to respond to a chemical, radiological, and/or biological terrorist attack. As a result, all MIRT members have been issued special equipment for dealing with these types of incidents.

Many events that have occurred throughout the country have demonstrated the need for a well-trained, well equipped and disciplined field force capable of dealing with large scale protests, civil disturbances and criminal behavior. Some members on MIRT are also cross trained as members of the Bike Response Team, which is a smaller field force unit that can also respond to similar types of incidents.

During 2017, MIRT officers received training from the Department of Homeland Security, the Philadelphia Police Department's MIRT Team, the Montgomery County Sheriff's Department and the MIRT, Bike Response Team. The training was in the following areas: MIRT-Bike Response Training and Maneuvers, Radiation Detection and Field Force Command and Planning.

MIRT responded to the following incidents in 2017:

- 1) 01/26/2017 – GOP – Republican Retreat Summit, Philadelphia, PA.
- 2) 04/28-04/29/2017 – National Football League Draft, Philadelphia, PA.
- 3) 06/13-06/17/2017 – Bill Cosby Trial – Montgomery County Courthouse, Norristown PA

Plymouth Township Police Department Records Division

The Records Division of the Plymouth Township Police Department manages information for all calls for police service and ensures they are properly documented in the Department's database. The Records Division is staffed by Administrative Supervisor Sabrina Evangelist and Evidence Custodian Jennifer Brooke.

The Records Division is an essential part of the Police Department and works extensively with federal, state and local law enforcement agencies. The many duties of the Records Division include the preparation of criminal cases for submission to the Montgomery County District Attorney's Office, providing arrest information to various probation departments, children and youth agencies, and victim services. The Records Division also provides reports to victims and can be delivered through the mail or in person during normal business hours, Monday through Friday from 8:00 a.m. to 4:00 p.m. Other services the Records Division provides to the residents and visitors of Plymouth Township include preparing a "Letter of Good Conduct" or similar record checks for individuals seeking certain types of employment, students traveling abroad and adults who wish to adopt a child.

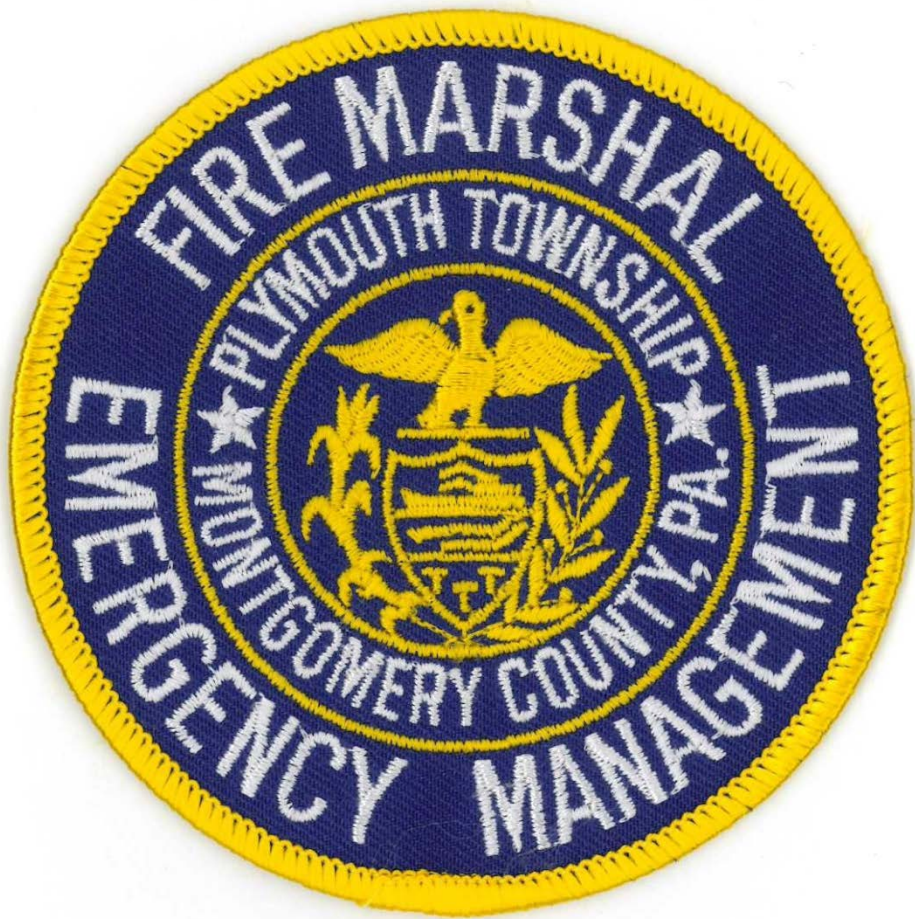

As the evidence custodian (EC), Jennifer Brooke is responsible for controlling and maintaining all evidence and/or recovered property stored in the Department's evidence room. EC Brooke works directly with the officers to ensure the chain of custody and storage of evidence; she is also responsible for overseeing the destruction of evidence as allowed by the case to include the destruction of weapons (non-firearms) and firearms.

Plymouth Township Police Department Communications Center

The Plymouth Township Police Department Communications Center is staffed 24 hours a day, 365 days a year and provides personal assistance to the residents, businesses and visitors to Plymouth Township who may call or come in for emergency and non-emergency services.

The Communications Center is headed by the Administrative Supervisor, Sabrina Evangelist. It is staffed with full-time Dispatchers Karen Bowman, Phil Smith, Lacey Smith and Andrew Thomas. In addition, part-time Dispatchers Eileen Blattner, Annamaria Mastrocola, Richard Tarozzi, Daniel Fox, Mandy Redman, Patricia Karaffa, Caitlyn Bonner, Jessica Tomaselli, Laura Baldassari and Craig Michelbacher assist with the staffing of the Communication Center.

All of our Dispatchers come with many years of experience in their field; they assist the officers with records checks on vehicles and suspects, as well as entering missing persons, wanted subjects, stolen vehicles and property into the National Crime Information Center (NCIC). The Communication Center is outfitted with six large screen monitors that view multiple cameras throughout the Township at various intersections. In addition, our Dispatchers monitor over forty in-house cameras that consist of all areas of the Police Department and Township building to include our secure prisoner facility. Dispatchers ensure the safety of our prisoners through constant video and audible monitoring and alert officers in the event of a problem. All personnel in the Communications Center assist with entering reports and traffic citations into our records management system, fulfill requests from insurance companies for accident reports, and assist the Records Division when needed.

FIRE MARSHAL

PLYMOUTH TOWNSHIP

EMERGENCY

MANAGEMENT

MONTGOMERY COUNTY, PA.

Plymouth Township Fire Marshal's Office

The Plymouth Township Fire Marshal's Office is responsible for the investigation of all fires, the enforcement of fire codes for existing structures, and the promotion of fire safety through educational programs. The Fire Marshal's Office is staffed by Fire Marshal Andrew Mount, part time deputies Michael Matusheski, James Wallace and Brandon Stocchi, who assist Fire Marshal Mount with fire investigations and fire lane enforcement. A part time Fire Inspector's position remains vacant. The Fire Marshal reports directly to the Plymouth Township Public Safety Director, Chief Joseph F. Lawrence.

The Fire Marshal's Office responded to two hundred sixty three (263) incidents and investigated twenty-three (23) fires in 2017. Three (3) fires were determined to be arson and were referred to the Detectives for further investigation. There were no fires resulting in the loss of life or serious injury. There were two (2) fires involving major property loss. The first occurred on January 31, at 666 W. Germantown Pike, in the 2000 building on the first floor. The second fire occurred on October 18, at 140 W. Germantown Pike, and was confined to the roof of a two story office building.

In addition to fire investigations, the Fire Marshal's Office is tasked with the coordination of an emergency management system in the event of a catastrophe. Fire Marshal Andrew Mount has been designated as Plymouth Township's Emergency Management Coordinator, and Plymouth Township Police Lieutenant Karen Mabry is the Deputy Coordinator. There were no emergencies requiring the activation of the emergency plan in 2017.

The Fire Marshal's Office works closely with the Police Department, both Township fire companies, and Plymouth Community Ambulance and is committed to the well-being of our residents. We will continue to keep our community safe through inspections, investigations, fire prevention programs, and the promotion of fire safety education to our Township's residents.

Harmonville Fire Police 2017 Annual Report

The Fire Police of the Harmonville Fire Company fall under the jurisdiction of the Chief of Police. They have continued to prove that they are a vital and necessary asset to the operation of the Police Department. These dedicated volunteers provide effective assistance to the police at traffic accidents, road closures, fire calls and other serious incidents that require well-trained personnel. They are also an important part of community events such as monument dedications, parades, charity runs and/or races and Plymouth Township Day; to name a few.

Captain Zip Rota is the officer in charge of this dedicated group of volunteers. Captain Rota receives valuable assistance from Lieutenant Frank Solomon as well as Sergeants Ray Naylor and Dave Colucci. The following personnel make up the volunteers of the Harmonville Fire Police: Jennifer McGuigan, Barbara Spilove, Mary Jane Rodziak, Michele Solomon, Elisa Goldman, Paul Wolfe, Ed Albert, Laura Yeager, Jim Nolan, Robert Evans, Tony Costa, Dave Marks, George McKinney, Dennis Gravinese Sr. and Dennis Gravinese Jr.

In 2017, the Harmonville Fire Police responded to a total of 646 calls for service; including Alarms, Alarms Assisting Police and Special Service Alarms Assisting Police. The total number of Fire Police Officers in service for these calls was 597 officers for over 820 hours of volunteer service.

The Harmonville Fire Police now track the total number of officers and officer hours in service. The unit no longer conducts calculations based on individual services, but as a total instead. The Harmonville Fire Police did assist the Plymouth Township Police 46 times in 2017.

Every hour that the Harmonville Fire Police volunteer to the citizens of Plymouth Township, and other jurisdictions within Montgomery County, is an hour that enables police officers to be available for other emergency calls and services.

Alarms and Special Service:	646
Officers in Service:	597
Time in Service:	820 Hours
Assisting Police Department:	46

Plymouth Fire Police Annual Report

The volunteers that make up the Fire Police of the Plymouth Fire Company continue to provide an invaluable service to the Plymouth Township Police Department as well as the entire Plymouth Township community. These professional, dedicated and well trained volunteers donate their time and service in order to allow the sworn officers to be available to handle additional calls for service. The Plymouth Fire Police respond to serious vehicle accidents, road closures, fire calls and numerous other serious incidents and special services. Their assistance is an invaluable part of the overall public safety system in place for the citizens of Plymouth Township.

The Plymouth Fire Police, who fall under the command of the Chief of Police, are led by Captain Adam Heffelfinger. In 2017, Captain Heffelfinger received assistance from Lieutenant Michael Petriga

This past year has once again been a busy year for the Plymouth Fire Police. The Unit is constantly responding to calls for service and attempting to recruit new officers, while always making training and equipment a top priority.

The Plymouth Fire Police responded to a total of 234 calls for service in 2017. The Fire Police recorded 300 Fire Police Officers in service for almost 119 total hours. These figures are all very similar to the responses in 2016. The Plymouth Fire Police also responded to specifically assist the police on 17 service calls with 17 Fire Police Officers for over 14 hours.

Plymouth Township Police Department Training

The Plymouth Township Police Department continues to strive to be the best in all aspects of law enforcement, including training. In 2017 the Department had, as the state mandates, all of our officers recertified under the requirements set forth by the Municipal Police Officers Education and Training Commission. Officers also received recertification training for Oleoresin Capsicum (OC), impact munitions, Taser and hazardous materials awareness for first responders. Numerous officers were sent to training seminars covering topics from leadership skills, firearms training and motorcycle operations.

The Plymouth Township Police Department continued to use the online training program PoliceOneacademy.com. This is an online database with over one hundred and seventy online courses available to the Department. PoliceOneacademy.com also allows the Department to create their own courses and to share courses with other departments who subscribe to the system. Many of these programs are approved by MPOETC to count for continuing education credits. This system enables the Department to administer monthly training to officers and dispatchers without affecting the Department's readiness and street coverage. This ensures the Department is administering a uniform and consistent program to each officer along with the appropriate documentation for training. With a full year of implementation, we have more than doubled the amount of in-house training with our officers.

Training requires a proactive approach to keep up with technology, techniques and current trends. Moving forward in 2017, the Department will continue to train our officers and staff with training that is recent, relevant and realistic. These are the standards to ensure the Department is ready to deal with an ever changing social environment and to keep our community safe.
